Beautifully renovated house in the heart of Brighton...

Perfectly positioned close to the beach in our vibrant city of Brighton, just a stones throw to Brighton Station, this exceptional four-bedroom townhouse is a hidden gem providing convenient urban living. It sits in Brighton & Hove's most prestigious conservation area; Clifton Hill & Montpelier. This property is also being sold CHAIN FREE! DOUBLE GARAGE AVAILABLE AT AN ADDITIONAL COST.

Effortlessly elegant, the ground floor reception room spans the depth of the house with light streaming in through the double-glazed, timber-framed bay window looking out over the peaceful street. This is a homely room, where the dark floorboards continue in from the entrance hall sit in contrast to fresh Farrow & Ball palette walls, adding to the feeling of space. A grand marble fireplace takes centre stage and is open to add warmth and atmosphere to wintery evenings, when the whole family can cosy up together on sumptuous furnishings.

To the rear of the ground floor, the family bathroom is beautifully appointed with high-spec sanitaryware and patterned floor tiles. The monochrome scheme feels both classic and modern and the organically curved freestanding bath takes centre stage.

Streamlined and contemporary with over-sized concrete-style floor tiles and handle-free cabinetry – the open plan kitchen and dining room is immediately impressive. Every appliance is integrated for you, so you can move straight in with relative ease. A large central island forms the perfect space for informal drinks and dining while for dinner parties and family meals, there is space for a generous table and chairs below pendant lighting. At the far end of the room, space has been retained for a seating area/family space for relaxation, and there is a beautiful ground floor wet room and WC also accessible with geometric wall tiles, a rainfall shower and high-end fixtures and fittings. Spanning the lower ground floor, this room links seamlessly with the rear garden; where aluminium framed bi-folding doors open to wide concrete tiled steps leading up to the outdoor seating area which becomes an extension of the home during the warmer weather. Outdoor rear-steps lead down to a very useful rear storage area with access onto Clifton Street passage via remotely operated double-width garage-type roller door.

Incredibly peaceful for a city centre space, the private rear garden offers a tranquil retreat during the summer with space for dining and entertaining in the summer sunshine. Wide stone steps rise up from the dining room to an area of faux grass, then up once more to the decked level which is completely private due to contemporary baton fencing. It is a real sun trap during the summer as it faces south, so plants will thrive, yet it is also low-maintenance, ready for the modern lifestyle. Outside, a garden awaits, whether enjoying a morning coffee on the patio or hosting al fresco gatherings with friends and family, this outdoor space provides endless opportunities for relaxation and enjoyment.

 Offers IEO £1,000,000
